Fund Performance

* Inception of KKC was 21st November 2019

For a full list of distributions made since Inception, please visit the Investor Centre at www.kkcaustralia.com.au. Past performance is not indicative of future performance and the portfolio characteristics are subject to change.

- KKC delivered a +1.50% return in June. High Yield bonds outperformed Loans over the month and B and CCC rated assets drove performance across asset classes.
- The weighted average price of the underlying KKC assets in the portfolio stood at 99.0% of par as at month end. The Yield to Maturity, which is inversely related to prices, stood at 9.1% and the current yield of the underlying assets in the portfolio was 8.4%⁽³⁾.
- European Direct Lending (EDL) had one new addition during the month, a Danish application software provider. There were no realisations. EDL represents ~41% of KKC's portfolio invested as at month end. A case study on one of our EDL deals can be found on page 3.

- KKC declared a monthly distribution of A\$0.0167 which equates to an annualised yield of 8.17% based on NTA and 8.75% based on the ASX unit price as of 30 June 2025. This is in line with the FY25 distribution estimate of A\$0.20. The distribution guidance for the upcoming financial year (FY26) maintains the distribution amount of A\$0.20.

- Easing geopolitical tensions, positive trade developments, and supportive capital market dynamics propelled the US credit market to another solid month of performance. High yield bonds experienced their strongest monthly performance in 11 months, returning +1.86%⁽⁸⁾ in June. Loans posted a gain of +0.80%⁽⁹⁾ in June, as the asset class benefited from steady retail inflows, and improving capital market conditions.

Transaction Overview

- CVC, Nordic Capital, and the Abu Dhabi Investment Authority (“The Consortium”) have submitted an offer to de-list Hargreaves Lansdown from the London Stock Exchange at an enterprise value of £5.2 billion (11.2x Adjusted EBITDA).
- KKR Credit committed £750 million as the lead investor in the £1,750 million Unitranche, with KKR Capital Markets underwriting £400 million of the position to bridge the gap between the total take-and-hold commitments and the £1,750 million financing required by the sponsors.
- Our investment thesis is predicated on: (i) Hargreaves Lansdown’s leading position in the UK D2C investment market; (ii) high single-digit underlying market growth; (iii) attractive financial profile with highly recurring revenues and high cash-flow conversion; (iv) attractive transaction structure with low leverage and LTV of 3.2x and 29%, respectively (~£3.7 billion of cash equity); and (v) robust sponsorship, evidenced by a strong track record in the financial services space and detailed value creation plan

KKR Credit Income Fund (ASX:KKC)

Monthly Investment Update: As of 30 June 2025

KKC Overview

The Trust aims to provide investors with attractive, risk-adjusted returns and access to a diversified portfolio of income generating alternative credit investments through the Trust's investment across strategies managed by the credit investment teams of Kohlberg Kravis Roberts & Co. L.P. ("KKR").

These strategies comprise the Global Opportunistic Credit strategy and European Direct Lending strategy, which seek to take advantage of the attractive opportunities that KKR sees in the market. The Trust's investment objective is to provide an income stream as well as to achieve attractive long-term capital appreciation over a full market cycle.

KKC has announced that for the financial year ending June 2026, KKC is targeting a distribution of A\$0.0167 per month or A\$0.20 per annum⁽²⁾. At the current NTA of A\$2.45 per unit, that represents an annual distribution yield of 8.17%⁽²⁾. The Trust continues to target a medium-term average total return of 6% - 8% per annum⁽⁵⁾ through business cycles.

The Trust is appropriate for investors seeking income distribution to be used as a satellite allocation within a portfolio where the investor has a 5+ year investment timeframe and a medium to high risk/return profile.

KKR Overview

Established in 1976, KKR is a global investment firm with industry-leading investment experience, a pioneering attitude to ESG management and a strong culture committed to teamwork.

As of 31 March 2025, KKR had A\$1,064.6 billion of assets under management, of which A\$406.7 billion sits within KKR Credit.⁽⁶⁾

KKR has a global presence with offices in 26 cities across 4 continents, including Sydney, Australia. KKR employs approximately 170 investment professionals in the Credit business.

KKC represents the largest pool of capital for KKR's Australian business and KKR now has three permanent members of its Global Client Solutions team based in Sydney. The Global Client Solutions team is responsible for client and market engagement across KKR's breadth of funds and strategies.

Footnotes

- (1) Distribution % calculated as the distribution per unit divided by the closing NTA of the previous month. The multi period calculations sum the dividend yields received and does not compound them.
- (2) Net of fees and expenses incurred by the Trust, but before tax. The target distribution is only a target and may not be achieved. All investments are subject to risk which means you may lose all or a portion of the amount you invest or you may otherwise achieve distributions and returns that are lower than any target distribution or target return. Before making an investment decision, it is important to understand the risks that can affect the value of your investment. Investors should read the risks described in Section 8 of the PDS.
- (3) Represents KKR estimates of the yields of the portfolio's underlying assets, excluding cash, as of 30 June 2025.
- (4) Source: KKR as of 30 June 2025. Credit ratings are statements of opinion of a relevant credit agency about the likelihood of a borrower to meet its interest and principal payment and repayment obligations when they fall due. Credit ratings are not statements of fact or recommendations to purchase, hold or sell securities. Credit ratings do not address the suitability of securities or the suitability of securities for investment purposes, and should not be relied upon as investment advice. May not sum to 100% due to rounding.
- (5) Target medium-term average total return net of fees and expenses incurred by the Trust, before tax. The distribution yield over a given period may be lower than the total return in this period to the extent that the total return includes unrealised gains. Investors should review the Risk summary set out in Section 1 and Section 8 of the PDS for important information regarding Target Total Returns and the Trust's ability to achieve them. Past performance is not indicative of future results.
- (6) The KKR Credit group is comprised of KKR Credit Advisors (US) LLC, KKR Alternative Investment Management and KKR Credit Advisors (EMEA) LLP. AUM is updated quarterly in line with KKR's public filings.
- (7) This is a summary only – see section 9 of the PDS for more detail.
- (8) High Yield Bond returns represented by ICE BofA US High Yield Master II Index and are presented in USD.
- (9) Leveraged Loan returns represented by Morningstar LSTA US Leveraged Loan Index and are presented in USD.
